

Creating Memories with Print  
Bespoke Design and Price Guide

You are invited to the wedding of  
The Important Information  
Please Respond By

Welcome to our  
Whisky & Bloom  
Bespoke Guide

Our Bespoke services are perfect for those wanting something truly unique to their wedding. Something that encompasses their couple style and wedding theme all in to one. We strive on creating the perfect, beautifully quirky stationery for those, not always traditional couples. This guide will give you a detailed description of the paper we use and can be chosen from and also go through embellishment options and paper upgrades like, letterpress and foiling.

As you are guided through this brochure page by page, it'll give you the opportunity to learn more about the process of wedding stationery and get those creative juices flowing for your own stationery!

So it's time to get excited and flick through, deciding on everything you could wish for to match you and your wedding perfectly.

We hope you enjoy and...

Happy Planning!

*Together with their families*

n Kennedy  
*and*  
an McFalls

Invite you to celebrate their wedding  
London Rowing Club  
Putney, England

## Details

*Of the event*

The 3pm ceremony will be followed by drinks and canapés on the balcony, before we sit down to eat at around 5:30pm. Dancing will follow! The night will close at 11:30pm.

We invite you to dress in  
Semi formal attire

The closest stations are Putney Bridge (Underground - District Line), Putney (Mainline train), and several bus routes stop nearby.

## Please RSVP by

*10th April*

Please RSVP on our wedding website, which also includes additional information about the day for you.

# Paper Choices

## Tintoretto - 270gsm

Our Standard luxury paper type for digital printing on the Gesso colour paper and for monochrome stationery with the colours. We can also do pressure foil and die cut on this paper choice.

## ColorPlan - 350gsm | 540gsm | 700gsm

This paper is best for a thick luxurious feel and we mainly use this paper type for colourful invitations or digital printing. Our thicker options work best for letterpress and hot foil press but we can do other methods such as die cut and pressure foil on the lightest and thickest options also.

## Nutteno/Accent - 350gsm

This paper is a different texture and works for either monochromatic stationery best or rustic style invites. Obviously the choice is yours, these are just what we found best fits this paper. We can also do die cut and pressure foil on this paper type.

## Handmade - 350gsm

This paper is handmade with naturally deckled edges and works beautifully with all paper embellishments. The thicker paper weight is best for letterpress and can also be die cut.

\*\*\*Other paper colours and paper types can be requested\*\*\*

at 1 o'clock in the afternoon  
with a reception to follow.

# Envelope Choices

## Tintoretto - 140gsm

Our Standard Paper type for digital printing on the Gesso colour paper and for monochrome stationery with the colours. We can also do pressure foil on this option for your addresses.

## ColorPlan - 135gsm

This paper is best for a thick luxurious feel and we mainly use this paper type for colourful invitations or for more of a colourful contrast as they have the widest range of colours available. We can also pressure foil on this option for your addresses.

## Standard - 175gsm

This is our standard luxury collection. We use these as our standard envelope choice in our designs unless we feel another colour or thickness would work better otherwise. Or unless you have a specific request.

## Handmade - 150gsm

This paper is handmade with naturally deckled edges and works beautifully with wax seals and dried flowers.

## Letterpress

At Whisky & Bloom we offer a letterpress option, where your stationery has hand mixed ink, pressed into the paper leaving a beautiful textured design.

## Die Cut

We can Die Cut next to any shape imaginable! If you want something specific like stars, owls, or mushrooms, we can make it. We Die Cut everything in house at W&B HQ ensuring quality in every design.

## Hot Foil Press

We have an option of heat foil pressed stationery, where the foil is heated and pressed into the paper to create a beautiful finish on your stationery.

## Pressure Foil

The perfect foiling for those on a tighter budget! We have pressure foiling that uses pressure to apply the foil giving the same quality as the hot foil without the need for a mold or an overly letterpress look.

# Embellishments

## Chiffon Bow

We have some beautiful chiffon options in a vast variety of colours to suit every style and colour scheme. We also offer silk upon request.

## Paperclips

This modern monochromatic embellishment is a perfect budget saver and makes every stationery set look beautiful with the teardrop paperclip in multiple colours. Other shapes and colours upon request.

## W&B Exclusive Wax Seals

We have wax seal stamps that are designed by us in house and made for our exclusive use. This means that your wax seals are unique in themselves as you can't buy the stamp design anywhere else.

## Twine/Jute Bow

For those wanting a more rustic addition to their stationery, we have thin twine or a thick jute bow in both white and natural colour.

## Vellum Wrap/Belly Band

A gorgeous finishing touch with endless possibilities. We can print designs on here that match your stationery or custom illustrations for that extra pop to your stationery.

## Bespoke Wax Seal Stamp

W&B give you the unique experience, where you can design and create your own personalised wax seal stamp to suit your wedding stationery. And once all is finished you receive the stamp as a keepsake that's 100% yours.

Bespoke  
Pricing Guide

We are very translucent with pricing here to ensure you know what your paying for and why. We believe you should know where your money is going so here is a brief overview of our Bespoke pricing with our rates per hour.

Design Time	£50 Per Hour
Assembly Time	£10.42 Per Hour (UK Minimum Wage)
Design Revisions	£50 Per Hour

As an idea, a typical Bespoke design time will take between 2-4 hours depending on the theme, fonts, illustrations, shapes etc. This can be more or less time depending on your design, but an initial personalised quote will be crafted for you. Any revisions and timings are more unpredictable as it could be a 5 minute fix only or a whole reorganise of where certain elements go. And with assembly of your stationery, we only charge what anyone would in a production line to make pricing more fair for everyone, and this cost will be in your personalised quote. Any contact and meetings are included in the cost of the design time as part of our Bespoke Service.

\*\*\*Please note that the below example does not show what your personal stationery will cost. This is just an example and costs can change with design time or other embellishments you wish to use.

## Additions \*All prices are per invite
